 <p>The image displays four brain MRI slices arranged in a 2x2 grid. The top-left slice is an axial view showing a cross-section of the brain with red highlights. The top-right slice is a sagittal view showing a side profile of the brain with red highlights. The bottom-left slice is a coronal view showing a front-to-back cross-section of the brain with red highlights. The bottom-right slice is a reference image showing a blue crosshair on a black background. Each slice includes a scale bar at the bottom indicating 10 cm.</p>	N/A	N/A
